Government Child Care Subsidy (CCS)

The **Child Care Subsidy (CCS)** provides assistance to help families with the cost of child care. The CCS replaces the Child Care Benefit and Child Care Rebate.

How does it work? If you are eligible to receive the Child Care Subsidy (CCS), your entitlements will be paid **directly to the service** your child is attending. The service will then deduct CCS from your child's regular fees, leaving you with only a gap to pay for your child's enrolment.

Some basic requirements must be satisfied for an individual to be eligible to receive Child Care Subsidy for a child. These include the age of the child (must be 13 or under and not attending secondary school), that the child meets immunisation requirements and that the individual, or their partner, must meet the residency requirements.

How much will I receive? Three things determine a family's level of CCS:

1. A family's annual adjusted **taxable income** will determine the percentage of subsidy they are eligible for,
2. An **activity test** will determine how many hours of subsidised care families can access, up to a maximum of 100 per fortnight, and
3. The **type of child care service** will determine the hourly rate cap.

The government has an online estimator to assist you with determining your expected entitlements. Visit the Centrelink website at www.humanservices.gov.au/individuals/centrelink and click '**Payment and Service Finder**'.
