

SA Montessori Pre-schools Policies

Immunisation Policy

Statement

SA Montessori Pre-schools aim to uphold its obligation under the laws of the Work Health and Safety Act 2012 Division 2, Section 19, Subsection 3 (A) to provide a safe and healthy environment for employees, children and visitors attending the centres.

Rationale

SA Montessori Pre-school Centres will not enrol children without approved records that they are 'up to date' according to the Australian Immunisation Register, as per the Australian Standard Vaccination Schedule.

Procedures

- Children who are not immunised may place themselves and other members of the centre at risk through the possible introduction of an infectious disease. SA Montessori Pre-schools therefore applies the following policy to minimise the risk of communicable disease by attempting to ensure that all children enrolled at its centres are immunised. Homeopathic vaccination is not accepted.
- The Immunisation policy is effective from 1st July 2003.
- Parents will need to provide an approved immunisation record from the Australian Immunisation Register (accessible via Medicare) as evidence of the child's 'up to date' immunisation status.
- A current approved immunisation record needs to be supplied:
 - *at the time of the child's enrolment;*
 - *after the child turns 7 months of age but before the child turns 9 months of age;*
 - *after the child turns 13 months of age but before the child turns 15 months of age;*
 - *after the child turns 19 months of age but before the child turns 21 months of age;*
 - *after the child turns 4 years and 2 months of age but before the child turns 4 years and 8 months of age.*
- Where a child is on an 'approved catch up schedule', enrolment is not guaranteed until they are 'up to date'. Families may lodge a request that will be considered by centre owners to commence enrolment during the 'approved catch up schedule' depending on the timeframe and circumstances.
- Once enrolled, if a child does not remain up to date with the immunisation program for any reason (including, but not limited to, health exemption or conscientious objection), parents will be required to remove their child from the service. The forfeiture of enrolment may be effective immediately and the centre is not required to provide the parents with a notice period.
- The services will make available to families and staff information on immunisation schedules and clinics. Where possible and applicable, information will be made available in languages other than English.
- Where appropriate the centre will invite health care professionals to address parents and staff on immunisation and health matters
